

# Our Services

## Looking for a professional cleaning partner?

*Cleantastic promises to deliver a level of service beyond anything you've ever experienced. We take commercial cleaning seriously.*

*We understand the importance of a healthy, clean workplace and we have a reputation for quality service, trustworthy staff and a track record of genuinely impressed clients.*

## Regular commercial cleaning

Cleantastic provides tailored environmentally responsible services (from basic to premium) and can provide all the commercial and specialist cleaning that your business or organisation requires.

Contact us today for an onsite consultation and obligation free quote.

## Specialist carpet cleaning

In addition to frequent vacuuming, it's important to clean your carpet on a regular basis. Cleaning systems will remove the oily, sticky soil that vacuums can't take out, and will help keep your carpet looking great over time.

Specialised areas need specialist operators and the Cleantastic floor care professionals are trained to deliver at the highest level. Our carpet cleaning specialists understand the equipment, know the proper cleaning agents for the situation at hand, and recognize the differences in fibres and carpet construction.

Choosing a Cleantastic specialist carpet cleaner is a great choice for your floor. Our cleaning equipment has more extraction power than the rental units available to individuals, and the carpet should dry more quickly.

## Professional window cleaning

All of our owner operators are trained to professionally clean glass and windows, so if you are looking for windows and glass that sparkle give us a call.

We can clean your entire workplace, home, school, kindergarten. In some regions we have our own Cleantastic specialist window cleaning professionals, these franchisees window clean as the main part of their business. Ask us as we love cleaning glass!

## One-off cleans

We love the challenge of a big clean up and can provide any one-off cleaning services you require – including renovation cleans and post building construction cleaning.

## Hard floor cleaning

We have specialists in hard floor maintenance and care, including vinyl, marmoleum and tiles.

Vinyl and tiles can be a challenging cleaning situation for most businesses, homes or sports clubs and Cleantastic can help. We have handpicked hard floor specialists throughout New Zealand that will be able to manage your floor maintenance and provide strip and seals or tile care.

Each owner operator is trained to clean hard floors and machine buff polished floors.

# Cleantastic Commercial Cleaners are Quality Guaranteed

## Account Management and Support

Cleantastic offers larger companies and organisations the convenience of a "one call does it all" commercial cleaning service with individual account management and support just a phone call away.

Choosing a company that can provide service both nationally (and internationally) ensures you receive a consistent level of service with cleaning schedules, standards, pricing, billing and quality assurance.

**Affordable**  
**Honest**  
**Reliable**

## Quality Assurance

*We regularly monitor the quality of our service.*

*We do this in three ways:*

- *We provide a communication book for you to note any specific instructions or issues.*
- *We make regular follow-up calls to check our service is meeting your expectations.*

*If you have a cleaning problem, Cleantastic guarantees to fix the problem on the next visit.*

*And if we don't - you get the whole weeks cleaning free.*
